

NEXTT BY PRISMATIQUE

1

Construction

Nextt is available in stainless steel with polished or brushed finish. Optional textured Colora can be specified.
 KONVERSE series – Nextt base available with laminate, veneer and stone tabletop options.
 VIDRO series – Nextt base available with painted back glass tabletop options.

Technology

Vertical column provides concealed electrical / communications wire management.

Access

Easy to remove access door with double level bracket allows for two wire port location options.

4

HEIGHT ADJUSTABLE GLIDE

LOW PROFILE CASTER

Nextt T-Base Conference

A new elegance in table bases. The clean lines of Nextt combine a thin 3 1/2" wide step down horizontal profile with a 2" x 4 1/2" vertical technology column providing optimum concealed wire management.

Nextt T-Base/C-Base Training

Multipurpose rooms require quick moves from one layout to the next - folding and fliptop tables make it easier. The Nextt low profile caster with T-Base or C-Base (not shown) can reconfigure and handle all IT requirements.
